## **VisionQuest Ceremony 2023**

**A RITE OF PASSAGE for WOMEN and MEN**

**2023 June 9<sup>th</sup> (16h) to June 23<sup>th</sup> (12h)**

Language English, Traduzione Italiano / Übers. Deutsch

**Alpe Meccia, Monte Rosa Area, North-Italian Alps**

**Reconnecting with Reality: Experience Your Wild Nature!**

**Healing the Wound of Separation...**

*Since time immemorial, **Native People, like You and Me** - born from a mother's womb - sometimes have consciously withdrawn from daily routine in their families and community-life, to **remember who they really are**. All the daily routines were left behind, fading away for a time alone! They were retreating into the wilds of the mountains, into deserts or forests, seeking solitude for a deep and honest encounter with Life. Fasting from food, contact and daily amenities opened their heart, their eyes and their sensitivity to the beauty, resilience and power of the Natural Reality. **So it is today, too!** Finding true home in your own indigenous heart, peacefully authentic and quite naturally!*

*Staying SOLO during four days,  
bonding with Wild Earth, skin to skin  
with SOURCE of LIFE*

*The aboriginal nations of all  
continents knew such ceremonies as  
an extraordinarily powerful way of  
reaching out for clarity, meaning, self-  
healing; thus finding clarity in their  
maturity's evolution, resuming  
**deeper integration** - personally, real,  
socially, ecologically sound...*

*Today, in these times of such grave, **unprecedented Crisis**, fundamentally disrupting  
mindless execution of our common daily  
routines, we all might become fully aware  
of the healing potential of those **ancient  
ceremonies**. Their enlightening impact is  
initiating an absolutely necessary quality of  
a grown-up human being today: the  
blessings of **MATURITY!**  
... **this** is a very precise definition of the pre-  
condition of Your Human **Good Life!** A Life  
of great intensity, built on and rooted in a  
solid ground of Self-love, Self-Reliance,  
balanced with Love, Respect and Trust in  
**'Mother Earth'***

*It isTime for a Healing Ceremony...*

### ***What to expect for yourself:***

*In these times of social turmoil and individual transformation, a **Ceremony** like this can contribute significantly to your **internal alignment** and **clarification**.*

**Honoring** 'what is' and finally separating from being locked to the past. About being free...

Simultaneously, this **VisionQuest** describes the courageous path of the '**Inner Hero**', from one completed stage of life to a more mature stage. Going out into wild nature, for a set time leaving the '**Civilized Sphere**' behind, we suddenly face the reality of our own **Living Truth as Creatures of the Earth**. Reconnected with our natural self – this is genuine, fragile, authentic and powerful!

For the **four days SOLO** of your VisionQuest we will lead you into an extensive wild, magical landscape: open to the west – facing, mighty glaciers of Monte Rosa, (4670 m), an open South, rocky North, with breath-taking views on waterfalls, hidden ravines, hiding places, in the presence of knotty ancestor-

trees! Truly a fairy-land, rich in expression, form and color ... where you go to meet the magic, sparkling nights of June's **New Moon**! Countless 'Alpine Roses', just then, exploding in plump and pink bloom - so amazingly contrasting the fresh, delicate light-green of the new shoots of abundant Juniper and Larch trees...

**Silence is talking to your heart...**

Coming back from your solo-fasting, You will be welcomed by peers and our professional Quest Team. You will be feeling confident and rooted profoundly, well connected to NATURE...

*Our camp is secluded in pristine nature, with basic and simple structures such as dining circle, primitive benches, solar shower, compost-toilet and hammock-groves.*
